Please note that occasional sightings do not warrant a service call. Unwarranted service calls may incur a call out fee.

Please ensure you have waited the required timeframe for the treatment to take effect and that all relevant recommended housekeeping actions listed below have been carried out prior to arranging a service call.

- ☐ General tidy up of yard area, weed and trim back vegetation and remove any rubbish or debris (if external treatment required)
- ☐ Trim back vegetation from outside walls, eaves, and gutters (if external treatment required).
- ☐ Wash and flea treat all cats, dogs, and bedding materials (if you have pets).
- ☐ General tidy up of kitchen area and home to keep free of foodstuffs.
- ☐ Empty out and clean any affected cupboards and drawers (please leave empty).
- ☐ Clean underneath your microwave, fridge, and stove (where applicable).

Note: Multiple visits have been undertaken in order to finalise set up on this particular site
